Building: After meeting with the company that will be doing the alarm test for this building, due to the age of some smoke detectors in the Hall and Lounge, Chief's office need be and are scheduled to be replaced.

I also requested that a quote be obtained for the storage "barn" containing trucks and equipment. Currently there is no fire protection in the building. It should be noted that, in recent years, Holmes Marshall Fire Dept., Piscataway NJ lost a Fire House due to fire. Because of the fire there was no electrical power. Trucks were saved only by the heroics of the Fire Fighters that drove trucks thru the bay doors.
