February 13, 2013

Chief:

A lot has happened since we last spoke prior to Hurricane Sandy, including a tragic incident in Newtown, Connecticut. Realizing that the last few months have been difficult for emergency services, I am trying to reschedule a meeting between the Police Department and the three Fire Departments to ensure that the necessary protocols are in place between our departments.

Specifically, clarification is needed for incidents involving a fire alarm during a lockdown situation and who will be making evacuation decisions in such situations.

Further, working with school (Jerry Taque) and Construction Dept , to ensure schools new security system is in compliance and doors are tied into alarm system.

Questions: Call on cell as needed.
