Investigation:

2022-05-06 Stone Museum Structure Fire, investigated with County Arson Task Force, Middlesex County Prosecutors Office, and Monroe Twp. Police Department.

Fire Prevention:

Thank you to Tricia for website information regarding Fire House sirens that we posted on the website.

The following was sent to schools to be distributed to parents:

A message from the Fire Official.

Help us help you. Parents please have the Talk (the Fire Prevention Talk): Spring is here and please let your kids know that campfires on the way home from school is not okay.

Brush fires have the risk of major fire damage. Further, there is risk to fire fighters not only fighting the fire, but vehicle accidents resulting in possible injury and loss of life as well. 25% of all fire fighter fatalities happen on the way to a fire.

Last: When juveniles are found to be responsible for such fires, it becomes a police matter.

I care about our kids and hope this message can prevent fire relate incidents before they start.

Thanks to all and stay safe.

Poster contest: Posters received from both Mill Lake and Woodland schools were judged on March 17 at the County Meeting.

One poster from Mill Lake won at the County level and was sent to the State for judging.

The Bureau will be meeting with School Officials to determine if the schools can participate this September during Fire Prevention Week with regards to Covid concerns. Perhaps with a modified presentation, we can allow just one student at a time to practice just the ladder escape.
